

New Mother's Circle

- Understand your new emotions and moods
- Rediscover your partner as you share the joys and challenges of parenting together
- Explore the changing relationships with your own mother and female friends
- Reflect on who you are as a woman and where you hope to go as a mom

All mothers are welcome to join our free, biweekly discussion group and meet other women new to motherhood. Facilitated by a licensed therapist, the group will gather for a series of 5 meetings. Drop in for one, or come for all. Bring your baby and yourself and learn how others are growing into this new role.
